

Conference for Statistical Programmers In Clinical Research (ConSPIC) **2011**

September 29 – 30, 2011
Time: 9 AM – 5:30 PM

Organized by

Indian Association for Statistics in Clinical Trials (IASCT)

Venue

The Lalit Ashok, Kumara Krupa High Grounds
Bengaluru - 560001

About IASCT:

IASCT is a non-profit professional organization with the objective of enhancing the role of statistics in the pharmaceutical industry and clinical research fraternity. IASCT intends to enable professional development of statisticians and statistical programmers by organizing training sessions, meetings and conferences relating to statistical techniques used in drug development.

ConSPIC, 2011

Program Committee:

Vishwanath Iyer,
Novartis
Madhura Shivaram,
Accenture
Murali Ganesan
Cognizant Technology Solutions
Nikita Agnihotri,
Tata Consultancy Services
Ilango Ramanujam
TAKE Solutions

The objective of this conference is to provide a platform to share novel ideas in statistical programming, network and strengthen the programming community in India.

This 2-day conference will enable statistical programming professionals to share their experiences and is intended to cater to all levels of experience.

Attendees will get to choose from **54 presentations in two parallel tracks** each day, covering a broad range of topics such as macros for improving efficiency and quality, CDISC/SDTM standards, graphics, efficient programming techniques, and application of statistical programming for certain key statistical analyses.

Intended Audience:

- Programmers/Statisticians working in pharmaceutical research
- Academicians interested in knowing about statistical programming in clinical trials

Conference Fees:

Category	Annual Membership Fee	Conference Fee	Total
Speakers	-	Rs. 2000*	Rs. 2000
New/Renewing Members	Rs. 750	Rs. 3000	Rs. 3750
